

Add audio or video to your ad

Now it's possible to add streaming audio or video to your PrescottWeddings.com ad at no additional charge! What a wonderful way for Brides and Grooms to get a sampling of your services.

Below are some resources that can help you produce the audio or video.

Audio:

www.audiogenerator.com

www.audioacrobat.com

www.byoaudio.com

Video:

www.instantvideogenerator.com

These Web sites will give you a code once the audio or video is completed — you need to provide us with that code. You also need to make sure you set the preferences to “Permission Play” rather than “Automatic Play” — basically the visitor needs to click on your ad to hear and/or see your audio or video. We won't accept multimedia set to “Automatic Play” or plays automatically when a visitor opens the page your ad is on.

Also, PrescottWeddings.com requires ads to be copy/audio/video ready. We do not provide technical support for any ads. Any tweaks or edits will result in additional costs.

Note: PrescottWeddings.com makes no guarantees or warranties to any of these services. They are provided as a convenience to our advertisers. As always, PrescottWeddings.com recommends you do your own research.
